Dear sir:

I am writing to persuade you to award my school, Woodhome Elementary/Middle, the grant of a new media center and computer room. I think this school is really good even the teachers but it just needs a makeover... that would make it even better. I just want to see this school even cleaner. I can imagine nice red carpet on the library floor and red carpet on shelves. And I can imagine nice black or light blue computers and nice clean desks. Oh by the way when my library teacher came in she told us about you how if you might come to my school and redo it like they do on that show on TV where they rebuild a house. Well that's all I'm going to say I just hope you come.

Sincerely,
Sabrina

Dear Mr. Hinkle:

I am writing to ask that you award my school, Woodhome Elementary and Middle the grant to a new media center. My school deserves this grant because we work harder than any school I know. I've been to private and public school but no school measures up to, Woodhome Elementary and Middle school.

Sincerely, Sotiria Samples

Dear, Sir

I am writing to persuade you to award my School, Woodhome Elementary Middle, the grant of a new media center. Personally I think I work better in a clean environment. Also it would be better for us to have nice new computers to use for looking up information if I have a report.

In my opinion, we need a better school in our neighborhood.

Sincerely,
Roshelia.

Dear Sir:

I am writing to persuade you to award my school, Woodhome Elementary/Middle school, the grant of a new media center. Our computer lab is too small for a thirty-one student class. The library is big, but it has a lot of unused space. Many of our students use the computers for projects and research. The library is used for many reasons besides learning, so please give us a better learning place!

Sincerely,

Jennifer Height

Dear MR. Hinkle,

I think Woodhome should win because it is a very special place it is special because of all of it's teachers, parent's and it's students. And of it's Gym teacher, Art teacher, Music teacher, Library teacher and technology teacher. Woodhome is a nice place funny place and it is the best school a student could ever ask for.

Sincerely,
Brandi

Dear Douglas Hinkle,

Please let Woodhome elementary/middle school have the grant because we need new Library shelves, Computers, books, Room decoration, hall decorations, and more. People say this school is best in Baltimore!

Sincerely,
Janett Lee

Dear Mr. Hinkle,
I think we should get
the grand prize because
our teacher work really hard
and with the new stuff they
would get piece and quiet
while we are at recess
and they will get time to
do paper work and with the
new technology room we could
learn about how to save
the animal in the forest
and we could get alot of votes
on the computer.

Your friend,
Lidia
